

## Mountaintop Golf and Lake Club

Mountaintop GLC is a private course located outside of Cashiers, North Carolina. The course was designed by Tom Fazio, and opened in July 2006.

This rendition was created from a DEM download provided by Linkster, with a grid size of 3 m/9.84 feet. Unfortunately because of my inexperience using DEM files some vertex elevations have been changed, therefore it is not an exact match to reality.

There is little or no information available for this course. For some holes I could not find any photographs to use as a reference and as such I had to use my draughtsman's licence, which allows me to make it look how I want it to look.

I could not find an official club scorecard so I used the yardages as stated by Bluegolf.

Unfortunately with the yardages from Bluegolf there were discrepancies with what was available using overlays from Google Earth Pro. These discrepancies are:

- Hole 5 Links distance from the Gold tee is 333 whereas the card length is 328
- Hole 6 Links distance from the White tee is 325 whereas the card length is 303
- Hole 13 Links distance from the White tee is 271 whereas the card length is 284
- Hole 14 Links distance from the Gold tee is 184 whereas the card length is 188
